Event Report

Date: 5th October, 2023

Venue: Orthodontics Seminar Room

Target Audience: Interns

Timing: 10:00 a.m – 3.30 p.m

Staff Incharge : Dr.Amol Mhatre

Committee : The Placement Cell Committee

The Placement cell committee of MGM Dental College and Hospital conducted a campus placement program under the Rozgar Yojna initiative, with the aim of providing employment opportunities to outgoing interns in alignment with the national objective of Atmanirbhar Bharat. The event was organized in collaboration with IKS organization.

The program commenced with an orientation session, providing attendees with comprehensive insights into the IKS organization. Details about the company's operations, salary packages, policies, and employee benefits were meticulously explained. During this session, resumes of the participants were collected for further assessment.

Following the orientation, students underwent a rigorous selection process, including two rounds of interviews. In the first round, candidates faced one-on-one interviews conducted by professionals from the Human Resources department. Subsequently, in the second round, students participated in a computer-based test. This test required them to transcribe audio files into written format and digitize the content. Additionally, a personality assessment was conducted through a disc test, evaluating the candidates' traits and suitability for the organization.

The assessment criteria included performance in one-on-one interviews, accuracy, and efficiency in the transcription and digitization test, as well as personality assessment results. Candidates who successfully cleared both interview rounds and the computer-based test were considered eligible for recruitment by the IKS Institute. The final selection of interns was based on their overall performance and suitability for the roles offered.

In conclusion, the campus placement program conducted under the Rozgar Yojna initiative was a valuable opportunity for students, providing them with a chance to secure employment with the esteemed IKS organization. The initiative not only supports the national mission of Atmanirbhar Bharat but also empowers students with meaningful job opportunities in their respective fields.
