ORAL HYGIENE AWARENESS CAMP FOR DEVOTIES OF SAI BABA TEMPLE, PANVEL

Date: 19th October 2023

Venue: Sai baba temple, Panvel

Faculty: Dr. Mausami Malgaonkar, Dr. Prachiti Terani

Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH, Shri Bhagvati Sai Sansthan

Number Of Students Attended: 5

The initiative taken by MGM Dental College & Hospital to educate and promote good oral health care among community members, specifically targeting the people at SBSS in Panvel, demonstrates a commendable commitment to public health. By providing dental care and raising awareness about oral health, they are addressing an important aspect of overall well-being that can often be overlooked.

Aim and objective:

1. To assess the oral health status of the members.
2. To educate them about the benefits of maintaining good oral hygiene
3. To provide Basic dental treatment to the devotees

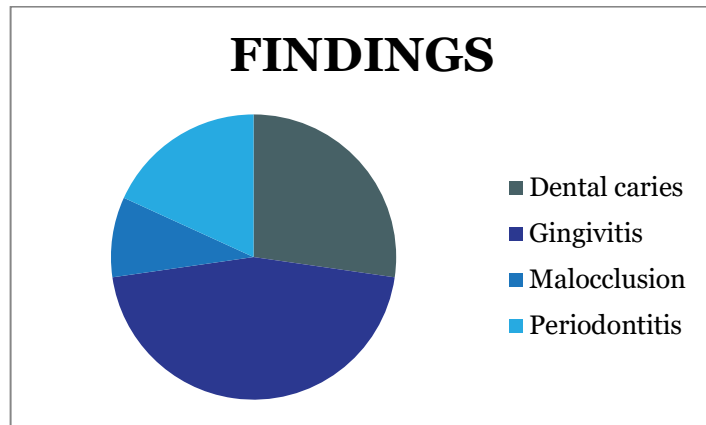

Method:

The people were assessed using a mouth mirror and probe on the dental chair. The oral health status of the people were evaluated and explained about the nature of the oral problems. Various preventive and corrective measures to be undertaken were explained to the patients.

Observations: A total of 11 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	3	27
Gingivitis	5	45
Periodontitis	1	9
Malocclusion	2	18

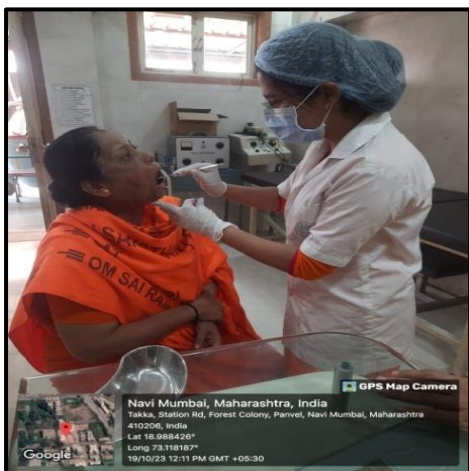

Interpretation:

Dental caries and gingivitis were most prevalent in the evaluated group. This was followed by periodontitis. Preventive and corrective measures were undertaken to prevent further deterioration of oral health.

Conclusion:

Initiatives like these are essential for promoting public health and ensuring that everyone has access to necessary dental care and education. By continuing to invest in community outreach and education efforts, organizations like MGM Dental College & Hospital can make a significant difference in improving oral health and overall well-being for individuals and communities alike.

Treatment: As a part of preventive treatment measures, oral prophylaxis was provide to the patients at SBSS, Panvel.
