Teachers' Day is a special occasion dedicated to honoring and appreciating the hard work and dedication of educators. Celebrated on different dates worldwide, it serves as a reminder of the crucial role teachers play in shaping minds, inspiring creativity, and fostering personal growth.

On this day, students express their gratitude through cards, gifts, and heartfelt messages, acknowledging the impact their teachers have had on their lives. It is a time to reflect on the invaluable contributions teachers make to society, guiding future generations toward success.

DEAN'S DESK: TEACHERS DAY

Dear Students,

Today, we celebrate a day of immense significance—Teachers' Day—a day dedicated to honoring the individuals who shape not only our minds but our futures. Teachers are the guiding lights who inspire us, challenge us, and encourage us to reach beyond our limits. They do not just impart knowledge; they shape character, cultivate curiosity, and ignite passions that can last a lifetime.

On this special day, I urge you all to take a moment to reflect on the impact your teachers have had on your journey—both academic and personal. They are the ones who motivate you when times are tough, who offer wisdom in moments of uncertainty, and who support you as you grow into responsible, thoughtful citizens.

Let us remember that teaching is not just a profession, but a calling—a commitment to nurturing the minds of tomorrow. Our teachers have dedicated themselves to your success, often going above and beyond to ensure you thrive. So, as we celebrate this day, I encourage each of you to express your gratitude, whether through a kind word, a thoughtful gesture, or a simple "thank you."

As you continue your academic journey, always remember that the lessons your teachers impart extend far beyond textbooks. They teach you life skills, values, and resilience that will stay with you forever.

Happy Teachers' Day to all our faculty members and to all those who have made a lasting difference in our lives.

DR. SRIVALLI NATARAJAN
DEAN, MGMDCH
HOD, DEPARTMENT OF ORAL AND
MAXILLOFACIAL SURGERY

SUB-EDITOR'S SAY : TEACHERS DAY

Teachers' Day is a tribute to those who inspire us beyond textbooks, shaping not just our minds but our lives.

This month, we honor the mentors, the guides, and the silent supporters who believe in us even before we believe in ourselves.

Their dedication, patience, and wisdom light the path to our dreams, turning challenges into opportunities. Let's celebrate our teachers—those who empower, uplift, and leave an indelible mark on our journey. Let this issue be a tribute to our teachers, who work tirelessly to build the future through the minds they shape today. May they continue to inspire, uplift, and create lasting impacts in all the lives they touch. Wishing every teacher a heartfelt Teachers' Day filled with appreciation, respect, and the gratitude of all those they've guided along the way.

PROFESSOR,
DEPARTMENT OF
PERIODONTICS

FACULTY : TEACHERS' DAY

Teachers' Day is a special reminder of the joy and privilege it is to be a part of our students' journeys.

Teaching is more than imparting knowledge; it is about building relationships, sparking curiosity, and nurturing growth.

As faculty, we are continually inspired by the dedication, resilience, and passion that students bring into the classroom.

In this spirit, we celebrate the meaningful bond between teachers and students

—a bond that grows through shared challenges, small victories, and the pursuit of learning.

Each lesson is an opportunity to both teach and learn, to connect, and to help shape the futures of those who will go on to make a difference in the world.

May this Teachers' Day serve as a reminder of the incredible potential in every student, and of our shared commitment to fostering an environment where that potential can flourish.

To all my fellow educators, may we continue to inspire and be inspired, guiding with kindness, and learning as we teach.

Wishing everyone a fulfilling and joyous Teachers' Day.

Dr. Pankaj Londhe
Lecturer
Department of Periodontology

MENSTRUAL HYGIENE:

MS. SANIYA PATHAN

Menstrual hygiene is crucial for health, comfort, and confidence during menstruation.

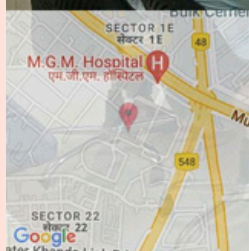

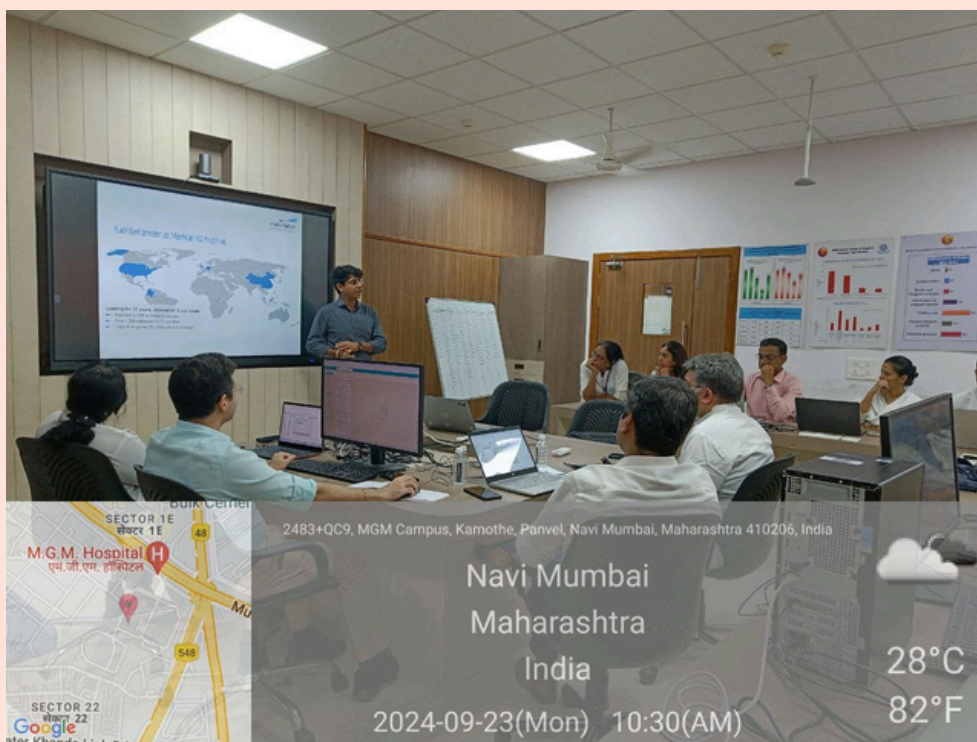

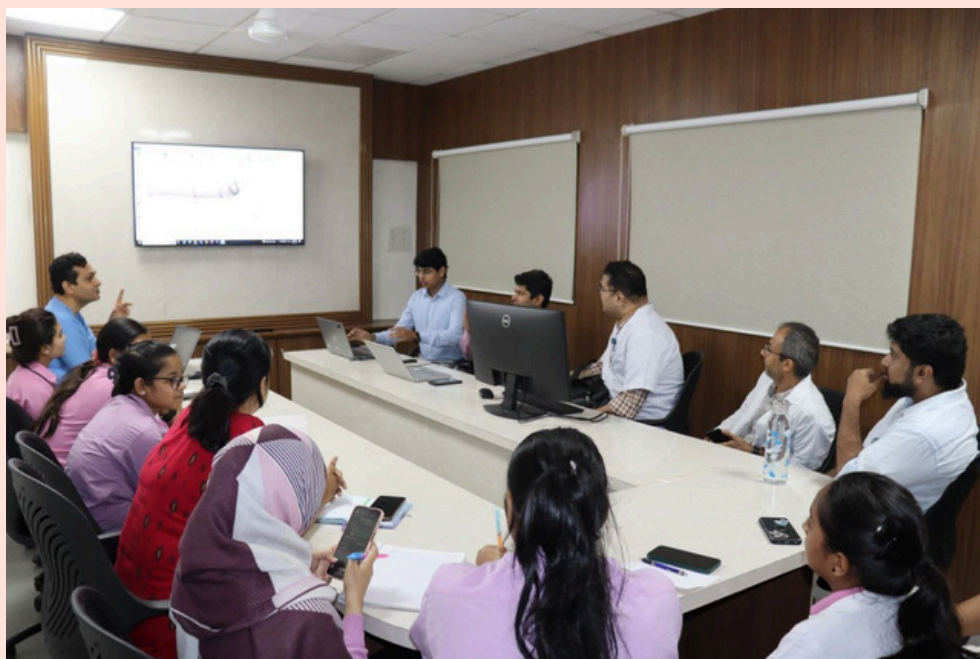

Good menstrual hygiene involves using clean, safe sanitary products like pads, tampons, or menstrual cups and changing them regularly to prevent infections and discomfort.

It's also essential to wash hands before and after handling sanitary products, keep the genital area clean, and manage waste properly. Access to adequate facilities, clean water, and information about menstrual health is vital.

Maintaining menstrual hygiene is not only important for physical health but also for mental well-being and removing stigma

A LECTURE ON INNOVATION

2483+QC9, MGM Campus, Kamothe, Panvel, Navi Mumbai, Maharashtra 410206, India

Debate competition

Mr. Swayam Aundhkar
Excellent speaker in
Debate competition

CREATIVE BRAINS

To those who teach with heart and grace,
Who light the path, who set the pace,
You plant the seeds that grow and bloom,
In minds and souls, you make room.
With patience deep and wisdom wide,
You stand as guides, by our side.
On this day, we give our cheer,
For teachers cherished, held so dear.
For every lesson taught with care,
For guiding us when unaware,
For patience shown, for wisdom shared,
For every dream you've helped prepare.
You light the path, you lead the way,
Inspire hearts, come what may.
