AWARENESS ABOUT DO'S AND DON'TS IN ORAL HEALTH AT HIRANANDANI FORTUNE CITY PANVEL

Date: 25/01/2024

Venue:HIRANANDANI FORTUNE CITY PANVEL

Faculty: Dr. Ankit Shah, Dr Prachiti Terani

Organizing Agency: Department Of Public Health Dentistry, MGMDCH; NSS Unit, MGMDCH; Hiranandani Fortune City Panvel

Number of Students attended: 5

Hiranandani Fortune City Panvel along with MGM Dental College & Hospital conducted a dental screening camp for educating and promoting good oral health care among resident. This was extended to population of Hiranandani Fortune City Panvel with the aim to create awareness about the do's and don'ts in oral health.

Aim and objective:

1. To assess the oral health status of the population
2. To create awareness about the do's and don'ts in oral health
3. To provide basic dental care for their existing dental problems.

Method:

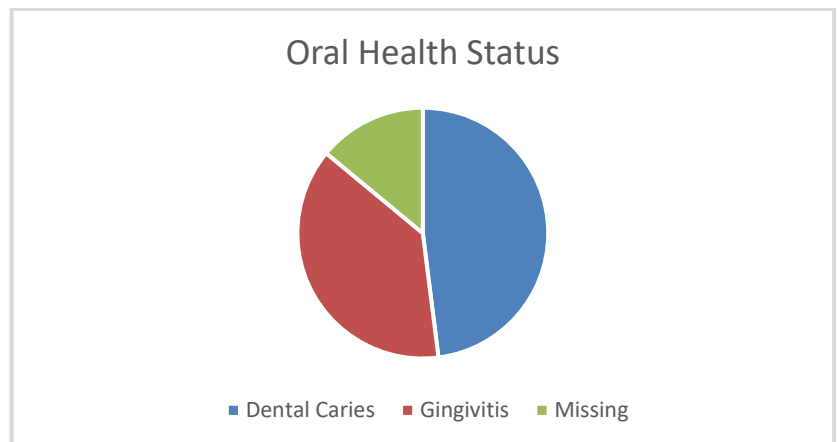

The patients were assessed using a mouth mirror and probe on the dental chair. The oral health statuses of the residents were evaluated and they were explained about the do's and don'ts in oral health. They were demonstrated proper brushing techniques. Various preventive and corrective measures to be undertaken were explained to the patients. The residents who consented for treatment were provided with basic dental

care for their existing dental problems. Residents having extensive dental problems were referred to MGM Dental College & Hospital for further treatment.

Observations: A total of 70 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	35	48
Gingivitis	30	38
Missing	5	14

Interpretation and conclusion:

- Knowledge of visitors regarding nutrition was good .
- Dental caries and gingivitis were most prevalent in the evaluated group. This was followed by missing. Preventive and corrective measures were undertaken to prevent further deterioration of oral health.
