VILLAGE COMMUNITY CANCER SCREENING CAMP, SANGURLI VILLAGE

Date: 27th July 2023

Venue: Sangurli Village, Panvel

Faculty: Dr. Kashmira Kadam, Dr. Prachiti Terni

Organizing Agency: PHD Dept MGMDCH, Karkinos Healthcare

Number of Students attended: 5

MGM Dental College & Karkinos Healthcare constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to patients at Sangurli Village, Panvel with the intention of creating awareness about pre-cancerous conditions and lesions.

Aim and objective:

1. To assess the oral health status of patients and to screen for oral cancers.
2. To educate them and create awareness about pre-cancerous conditions and lesions.

Method:

A type III examination was carried out with the use of mouth mirror and probe in day light. All the patients were assessed for oral cancer and were explained the need to get the problems corrected. The patients were made aware of the existing dental problems and preventive measures were explained.

Observations: A total of 76 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Red lesion	28	36.8%
White Lesion	30	39.4%
No finding	18	23.6%

Interpretation and conclusion:

Oral Cancer is the most common problem among the patients.

Oral health education and prevention strategies should be implemented in order to reduce the disease burden among these patients.
