AWARENESS ABOUT CHRONOLOGY OF TEETH ERUPTION AT PEOPLE'S EDUCATION SOCIETY'S SCHOOL, CBD BELAPUR

Date: 05/02/2024

Venue: People's Education Society's School, CBD Belapur

Faculty: Dr. Mausami Malgaonkar, Dr. Prachiti Terni

Organizing Agency: Department Of Public Health Dentistry, MGMDCH; NSS Unit, MGMDCH; MGM Dental & Research center Belapur

Number of Students attended: 5

Knowledge related to the chronology and sequence of dental eruption is essential for establishing a standard criterion for dental and preventive healthcare, as well as for diagnosis and treatment of children. MGM Dental College keeps organizing oral health check-up and treatment camps to enhance the dental health in our community. Such an initiative was taken with association of People's Education Society's School, CBD Belapur for creating awareness of Proper Brushing Technique.

Aim and objective:

1. To create awareness amongst the students about importance of oral health.
2. To educate them about teeth eruption sequence.

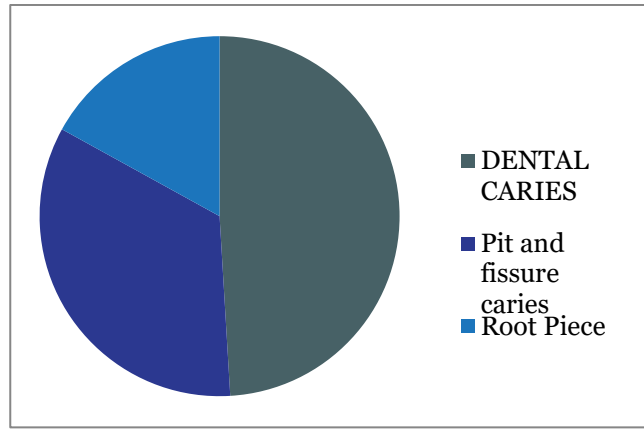

Method:

Awareness regarding importance of oral health was done. The students were made aware about teeth eruption sequence. The myths about milk teeth and permanent teeth were addressed. Few questions of students were solved regarding the missing teeth and the mobile teeth. An oral health check-up was done and the students were guided according to their respective dental problems.

Observations:

A total of 12 patients were examined for various dental problems. Students maximally had dental caries due to high sugar intake, improper brushing and no dental guidance. The students were explained about the problems and also the problem was taken forward to their parents.

Condition	No. of individuals	Percentage %
Dental caries	5	49
Gingivitis	4	34
Root piece	3	17
Prosthesis	0	0

**Interpretation and conclusion:**

1. Students even after being aware about the teeth eruption sequence and their questions were solved.
2. Students were explained about the importance of oral health check-ups.
3. Myths about the primary and permanent teeth were cleared.
