ORAL CANCER SCREENING AT PALAJI RATANJI CHAWL, BYCULLA

Date : 15th August 2023

Venue: Palanji Ratanji Chawl Public Ganeshotsav Mandal, Byculla

Faculty: Dr. Vaibhav Thakkar & Dr. Agraja Patil

Organizing Agency: PHD Dept MGMDCH; NSS Unit MGMDCH & IDA

Number of Students attended: 05

MGM Dental College in association with IDA organised oral health camp to the community. The oral care treatment was extended to patients at Palanji Ratanji Chawl Public Ganeshotsav Mandal, Byculla with the intention of screening patients for Oral Cancer under the MOCC program.

Aim and objective:

1. To assess the oral cancer prevalence.
2. To screen patients for presence of oral cancer.

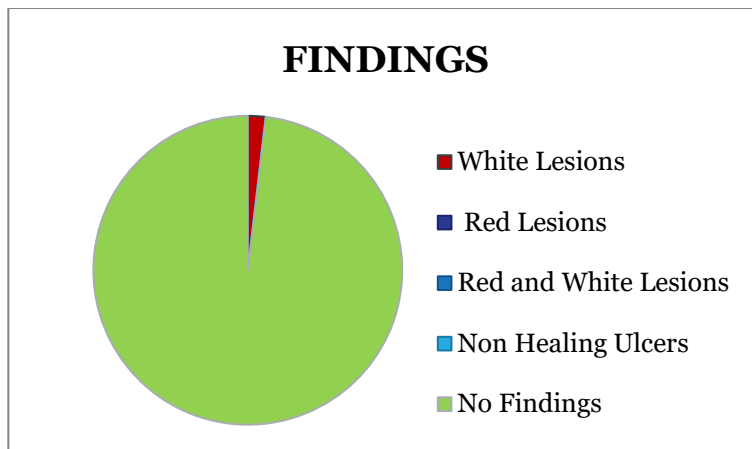

Method:

Examination was carried out with the use of mouth mirror and probe in natural light. All the patients were assessed for oral cancer and were explained the need to get the problems treated. The patients were made aware of the existing dental problems and preventive measures were explained.

Observations: A total of 54 patients were examined for oral cancer. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Sign:

Condition	No. of individuals	Percentage %
White lesions	1	1.85%
Red lesions	0	0
Red & white lesions	0	0
Non- healing ulcers	0	0
No Findings	53	98%

Interpretation and conclusion: Oral cancer is preventable so adequate oral health awareness and preventive strategies should be implemented in order to reduce the disease burden among these patients. Patients present were screened for oral Cancer.

INVESTIGATION BEING DONE BY THE TEAM MEMBER
