### **AWARENESS ABOUT FLOSSING TECHNIQUE AT SANGURLI VILLAGE**

**Date : 15<sup>th</sup> July 2023**

**Venue: Sangurli Village**

**Faculty: Dr. Ankit Shah, Dr. Prachiti Terni**

**Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH**

**Number of interns attended: 03**

MGM Dental College constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to child patients at Sangurli Village, Panvel with the intention of screening patients for Oral health programme.

#### **Aim and objective:**

1. To assess the oral health of children.
2. Demonstration of flossing techniques to improve oral health.

#### **Method:**

A type III examination was carried out with the use of mouth mirror and probe in day light. All the patients were assessed for oral health and were explained the need to get the problems corrected. The patients were made aware of the existing dental problems and preventive measures were explained.

**Observations:** A total of 34 patients were examined for oral health. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

**Sign:**

## ORAL HEALTH FINDINGS

| Condition              | No. of individuals | Percentage % |
|------------------------|--------------------|--------------|
| Pit and Fissure Caries | 7                  | 20.5         |
| Irreversible Pulpitis  | 17                 | 15           |
| Dentoalveolar Abscess  | 4                  | 11.7         |
| Apical Periodontitis   | 6                  | 17.6         |

### DEMONSTRATION OF BRUSHING TECHNIQUES

**Interpretation and conclusion:** Caries is a preventable oral disease. So adequate Oral health education and prevention strategies should be implemented in order to reduce the oral health problem among these patients.
