MGM Dental College constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to patients at ZP school Kothimbe, Kashele with the intention of creating awareness regarding tobacco for adolescent kids and providing oral health care to the patients.

Aim and objective:

1. To assess the oral health status of patients and to provide necessary Dental treatment.
2. To educate them and create awareness regarding Tobacco and maintaining oral hygiene

Method:

Examination was carried out with the use of ice-cream sticks. All the patients were assessed for oral health status and were explained the need to get the problems corrected. The patients were made aware of the existing dental problems and preventive measures were explained.

Observations: A total of 142 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	104	73%
Gingivitis	28	20%
Root piece	10	7%

Interpretation and conclusion:

1. Dental caries was seen commonly among the patients followed by gingivitis.
2. Oral health education and prevention strategies should be implemented in order to reduce the oral disease burden among these patients.
