MGM Dental College extends oral health care to the people. The oral care initiative was also extended to patients at Shree Ganesh English Medium School with the intention of creating awareness about dietary habits and providing oral health care to the students.

Aim and objective:

1. To assess the oral health status of participants and to provide necessary Dental treatment.
2. To educate them and create awareness about oral health and dental caries
3. To educate them about dietary habits.

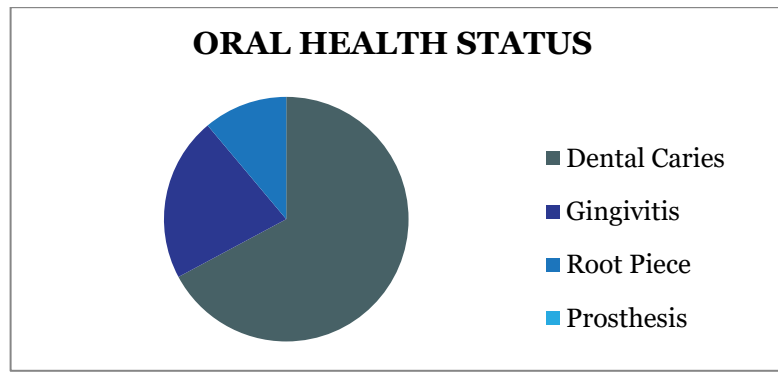

Method:

Examination was done using ice-cream sticks. All the patients were assessed for oral health status and were explained the need to get the problems corrected. The patients were made aware of the existing dental problems and preventive measures were explained.

Observations: A total of 396 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	266	67.17%
Gingivitis	86	21.7%
Root piece	44	11.1%
Prosthesis	0	0

Interpretation and conclusion:

1. Dental caries is the most common problem among the patients followed by gingivitis.
2. Oral health education, Dietary counseling and prevention strategies should be implemented in order to reduce the disease burden among these patients.
