To

Dr. Prabha Dasila,
Principal,
MGM New Bombay College of Nursing
MGM Educational Campus, Kamothe.

Dear Dr. Prabha,

Indian Women Scientists' Association and MGM New Bombay College of Nursing have over the past few years conducted several programs together. We have jointly engaged in providing health related support for the elderly and members of the lower socioeconomic community.

The interaction of Faculty and students from your college with Members from IWSA has led to an excellent sharing of knowledge base with community outreach. This meets a major mandate of IWSA of Science for Society and that of your College of education of students for care of the sick and needy.

Over the past month we have discussed with you and Ms. Vandana Kumbhar, faculty from your college, regarding conducting a Cancer detection camp. The following has been jointly arranged for this camp.

IWSA's responsibility:

IWSA has received a donation from a well wisher to conduct a Cancer Detection camp. We have arranged with Indian Cancer Society (ICS) for the same and we will pay them directly for the screening services.

IWSA will pay for the refreshments to be provided to the ICS team (13 members), IWSA members (6 to 8 members) and Nursing college faculty and students (15 members).

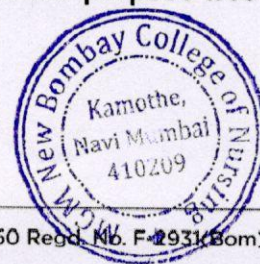

IWSA will pay for CBC to be done for the individuals to be screened. The CBC is to be done at MGM hospital by Nursing college. We have estimated that refreshments plus CBC will cost within Rs.16000 to Rs.18000. The refreshments and CBC are to be arranged by Ms. Vandana.

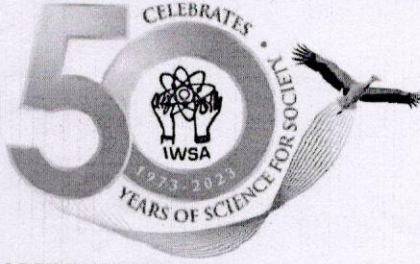

Responsibility of MGM New Bombay College of Nursing (MGMNBCN):

With your guidance and Ms. Vandana's support, the community (50 women and 50 men) in Belapur has been identified for the Cancer screening services from clinicians of the ICS. Ms. Vandana and you have arranged for the screening to be done at the Punjab Heritage Bhavan, Belapur, Navi Mumbai, **which is being made available for the purpose free of cost by the Bhavan's authority.**

ICS responsibility

At the camp the doctors will screen 50 women and 50 men.
