YES I CAN CHANGED THEIR LIVES.....

Hi all readers,

I am Mahi Malini Poojary.
I am student at Yes I Can Foundation under
Project Cafe with a Cause.

I am transgender and I feel really bad when
society does not accept us, exclude us.

With great efforts today I am working as a caption
in Café on the floor.

Yes I Can Foundation and their team is guiding
me in restaurant English skills and now I am also
appearing for my SSC with Open University.
Recently I have also opened an account with the
bank so I can save for my future.

You can meet me and guide me.
Say Yes I Can

YES I CAN CHANGED THEIR LIVES.....

Hello all

This is Mitali studying in std 8th.

I stay in Kurla urban slum community. Through Yes I Can Foundation with D.S Tutorials study centre I learned many facts about menstruation and it helped me to clear my misconceptions.

I also learned about what good touch is and what bad touch is. I am more aware now and careful too!

I also learned importance of using sanitary pad

I thank all teachers for educating me and also for sanitary drive distribution by Yes I Can team.

YES I CAN CHANGED THEIR LIVES.....

My name is Mrs Kothare and I am
the resident of one old age home in
Mumbai.

My hobbies are reading, singing and
acting too. I was a theatre artist in
my young age.

During last Christmas I wished for a
classical music collection and
guessed what! Through Yes I Can
Foundation's campaign 'Make Me
Their Santa' I received a CD of
famous classical singer Pandit
Bhimsen Joshi as one of my favorite.

I do not know who is that Santa but I
like to express my thanks to Yes I
Can team for fulfilling my wish.'

YES I CAN CHANGED THEIR LIVES.....

Dear Readers

We – Nilima and Shilpa , we are part of
geriatric care taker's skilling program
run by Yes I Can Foundation and
SNEHA.

This skilling program is helpful for us to
earn our livelihood opportunities.

We thank team Yes I Can by
organizing sessions and field visits for
us for meaningful learning.

YES I CAN CHANGED THEIR LIVES.....

Dear all readers

My Name is Gajendra and I am visually challenged student.

It is very difficult for any visually challenged student to get writer for examinations. However Yes I Can foundation provided writers to me whenever I faced difficulties.

Not only that, when I passed my competitive government job employment exam, Yes I Can volunteers guided me on preparing for my job interview as next step. Today I am happy to share that I have received job offer from nationalized bank.

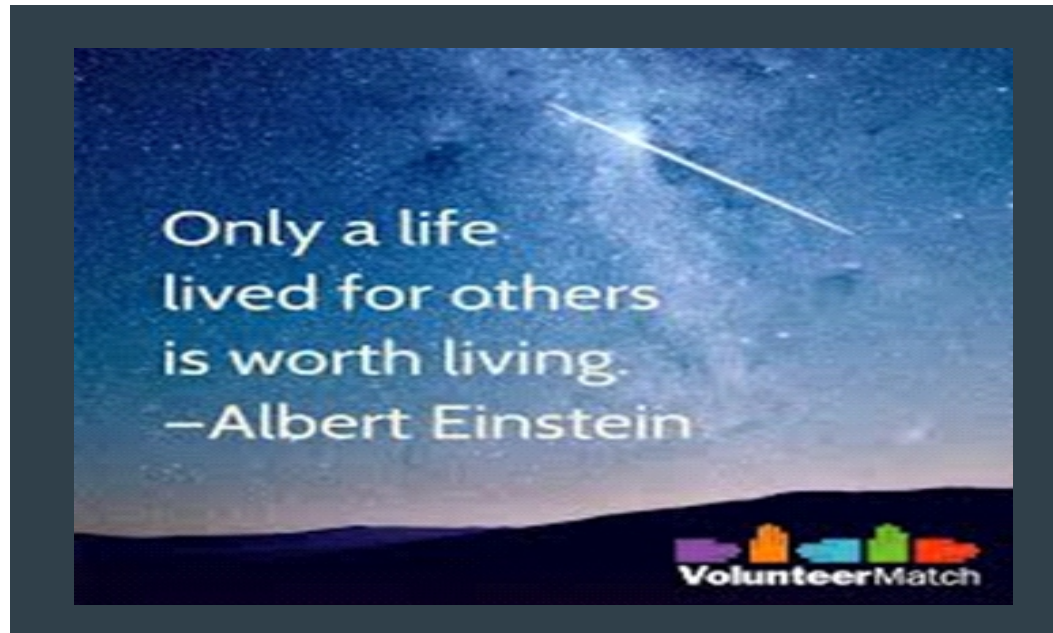

Yes I Can Foundation is also guiding me to showcase my talent of making art and craft products.

Thanks to Yes I Can.

Yes I Can volunteer's team has grown from 20 volunteers to 90 volunteers in 2018.

Volunteers are given opportunities to match their skills set to fulfill the needs for underprivileged

Here what our volunteers says
about their experiences

Volunteer's corner at Yes I Can Foundation

By Ms. Renu- Volunteered to teach beauty and skin care to third gender students.

I have great experiences with third gender. From my childhood my parents always kept away from them in fact they used to terrify me.

Yehi dar ke sath mai badi ho gayi and parampara ko nibhate huy I also started making terrify with my children.

But one day when my daughter became grown up, she argued with me for two hours on this topic. After this I got convinced a little.

However one day through Yes I Can foundation I met few third genders. Meeting them was like an eye opener for me.

They are educated talented and they have their firm opinions and they carry their values the way we do.

I have realized that they are not responsible for their situation but we're.

Society, government rules needs to be changes and we need to create an inclusive society.

Everyone has right to live in the society with self-respect. I am very happy that Yes I can team is doing for their betterment and I am proud to be part of it.

Here what our volunteers says
about their experiences

Volunteer's corner at Yes I Can Foundation

Hi to all,

I am **Bhavana**. I have been volunteering for Yes I Can
Foundation from last more than 1 year.

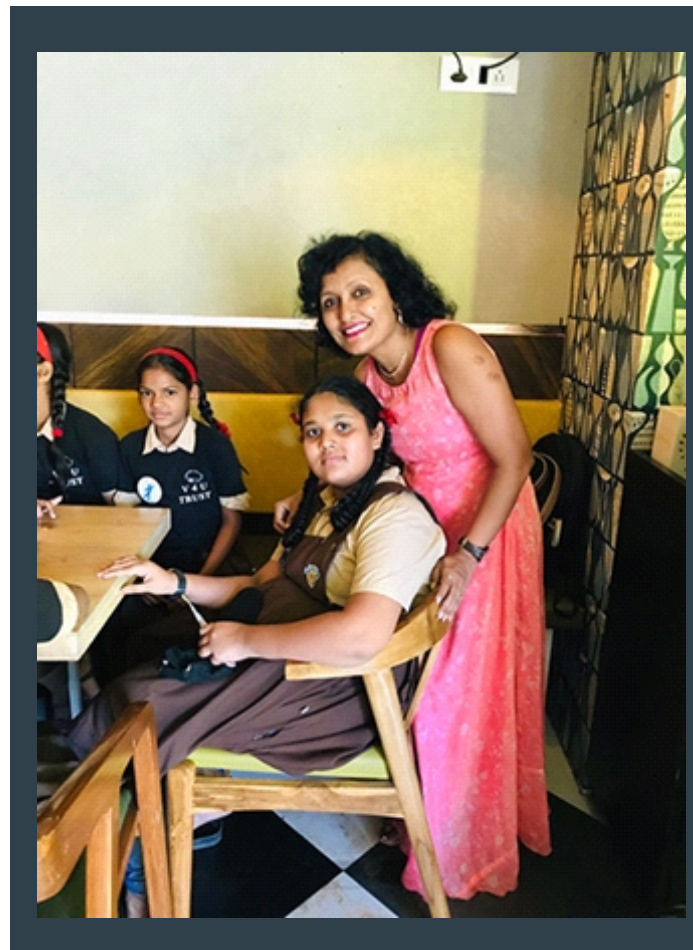

By. Mrs.Bhavana- Volunteered
to teach underprivileged children

Through project who is Speaking please I am connected
to underprivileged child from We For You charitable trust.

Every week through Smart phone I am helping students
to improve English language development.

I am happy to see improvements in my students.

Thanks for such innovative project.

Here what our volunteers says
about their experiences

Volunteer's corner at Yes I Can Foundation

We all change lots of our personal things all the time. We dye our hair and do change various diet regimes to lose weight.

Some take steroids to build their muscles and some get their breast implants and nose jobs done so they would resemble their favourite movie stars. Many of them change names, houses, cars, jobs and husbands and wives. Some of them change religions and political parties.

And some moved across the country or the world and even change their nationalities.

-Why are the transgender, looked upon differently, when they change their dressings to female clothing.

.Ms.Jaya- Volunteered for Transgenders and underprivileged children

Here what our volunteers says
about their experiences

Volunteer's corner at Yes I Can Foundation

- Why are they not given jobs?
- Why are they given a different look?
- Why are not being bought in the main stream?
- Why are they not accepted in our society?
- Why are they not supposed to change their gender?
- What is their fault if they feel like a female from inside?

It is indeed a natural thing. A female soul trapped in Male body.

Actually we all are hypocritical in some or the other way.

I had been associated with Yes I can Foundation from past two years. I had been fortunate, to meet these transgender and teach them some basic conversational English and etiquette.

It was so sad to hear their personal stories, their struggle with their body, and their struggle with parents and siblings at home, the bullying at the school and in the society as well. Their emotional breakdown when their parents couldn't accept them as a transgender in our so called sophisticated society which is abides by rules.

I thank from the bottom of my heart to Yes I Can Foundation who gave me this opportunity to do my bit for the transgender to give them status in our society. Apart from teaching them, I could listen to their stories, could see their stress, hence sometimes I used to do their Counselling too. Recently in an event, I got a chance to give them some recognition and interact with people for what they are doing for living .

Hats off to Yes I Can foundation for recognising the Transgender giving them training in Beauty Parlour course, providing links for jobs for transgender as well for physically challenged people too.

Thank you Yes I Can Foundation. You are doing wonderful things for all these transgender, the Underprivileged students and also for the Old aged people.

One day you will get the reward from the almighty for what all the deeds you are doing today.

Best wishes always

Here what our volunteers says
about their experiences

Volunteer's corner at Yes I Can Foundation

I was introduced to the foundation by Sarita who is already volunteer at Yes I Can Foundation. I am thankful for her

I expressed my interests to Yes I Can team, and after filling volunteering registration form I was introduced to projects.

I participated in project Ashirwad- through which mental health and well being of senior citizens in old age homes is taken care. My first interaction was at one old age home in Navi Mumbai, it was such pleasure spending time with cute granny and grandpa was one of most memorable experience.

I always wanted to do something for underprivileged girls, under Project Saksham by Yes I Can aims at empowering underprivileged girls and I contributed towards program on maintaining hygiene.

I also conducted a workshop for girls who are undergoing geriatric caretaker's skilling program. However I would like to share that I appreciate Yes I can Foundation's project on third gender through which platform is created for third genders through skilling them and through society participation. I wish the team all the very best and will be more than happy to contribute for noble cause.
