Report

On 18th may, 2022, a dental screening camp was organised at MGM medical hospital, Kamothé for the disabled individuals. Interns from MGMDCH explained to the participants that oral hygiene is the practice of keeping one's mouth clean and free of disease and other problems by regular brushing of the teeth and cleaning between the teeth. It is important that oral hygiene be carried out on a regular basis to enable prevention of dental disease and bad breath. Oral hygiene instructions were also given. Students screened the participants for dental problems and advised them the necessary treatment.
