Organization: NSS Unit, MGM DCH

No. of Participants: Faculty-05; Students - 50

REPORT

On Monday 21 November 2022 NSS student volunteers along with staff incharge Dr Neeraj kolge visited KamalArnav Charitable Trust a home for underprivileged children in New Panvel .

It is home to 18 children aged between 4 to 16 years. We reached the place at around 10.00 AM. The children of Kamal Arnav charitable trust were very pleasantly excited to receive all of us. The students greeted us with great enthusiasm. We also met Mrs. Kamal Katkar the lady behind this entire trust. While interacting with Mrs Kamal we got to know the history of the trust and how it was established.

She started this with home with just three abandoned children showing a ray hope to many and setting an example making Humanity the greatest virtue. The mission of the trust states: They want to realize the full potential of children. They want to ensure that they will be able to reintegrate into their community as healthy, happy, responsible and independent adults. So, to add a little to their mission we the NSS student volunteers contributed by this visit emphasizing on small deeds make a great tomorrow. Being the volunteers of MGMDCH a dental health checkup camp was organized under the guidance of Dr. Neeraj Kolge. With proper sterile and disposable fluoride treatment was carried using 1.23% APF solution for children

They were explained the importance of oral hygiene. 18 children along with 10 NSS student volunteers 3 interns and Dr Neeraj efforts put together made the dental camp a great experience for all. Later we had fun time talking to the kids, playing fun games, dances, singing and we ended this beautiful hour by clicking of few pictures with bloomed smiles as we were back to our normal routine. It was indeed very satisfying experience for NSS student Volunteers as they could bring smiles on children faces. They realized that one contributes and understand his /her social responsibilities towards society. The visit to the orphanage was a fulfilling experience for everyone as we came back with not only memories but also some valuable lessons.

Happiness is not so much in having as sharing. We make a living by what we get, but we make a life by what we give.
