Report

On the occasion of world cancer day and national oral pathology day, the NSS unit of MGMDentalCollege and Hospital, NaviMumbaiorganised a tobacco awareness and free oral cancer screening camp in collaboration with inner wheel club of bombay film city along with our lady of eygpt church kalina.

Amala Mehta, the immediate past president of the Inner wheel Club of Bombay film city was the chief guest of the programme in which she highlighted the role of inner wheel district 314 to reach out to the society in various ways. Dr. Frances Vaidya, President of Inner Wheel Club of Bombay was also present.

An oral health examination was done for all the subjects who were attendees at this camp. Each and every one was personally counselled with respect to the specific treatment plan to be followed.

Then, a street play was staged in english and hindi to disseminate the message of saying no to tobacco by the nss volunteers and interns under the guidance of the Dean Dr. Srivalli, Dr. Jigna Pathak, Dr. Kamlesh, Dr. Aniket. Ketan Vaidya, a renowned social worker, came forward to help for the cause. The students stressed on the importance of disseminating the theme and highlighted that we must all work towards a social cause. The event also received attention through media coverage by the global chakra news.

The community took advantage of this opportunity and got them screened for oral cancer. The people were reluctant to participate but the volunteers left no stone unturned and reached out to the people and created awareness with regards to ill effects of tobacco use and the importance of oral health.

Dr. Kamlesh Dekate appeared for a TV interview explaining the importance of observing World Cancer Day during the

Skit Performance by NSS Volunteers at the venue on the topic- Ill effects of Tobacco
