TREATMENT CAMP FOR DEVOTEES OF SAI BABA TEMPLE, PANVEL

Date: 17th November 2022 . **Venue:** Sai Baba Temple, Panvel

Faculty: Dr. Ankit Shah , Dr. Prachiti Terani

Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH, SBSS, Panvel

Number of Students attended:

MGM Dental College & Hospital is involved in educating and promoting good oral health care among the people of the community. This care was extended to the devotees at SBSS, Panvel with the aim to create awareness and provide basic oral health care to them in Mobile Dental Van.

Aim and objective:

1. To assess the oral health status of the devotees of Sai Baba temple.
2. To educate them about the benefits of maintaining good oral hygiene.
3. To provide basic dental care for their existing dental problems in Mobile Dental Van.

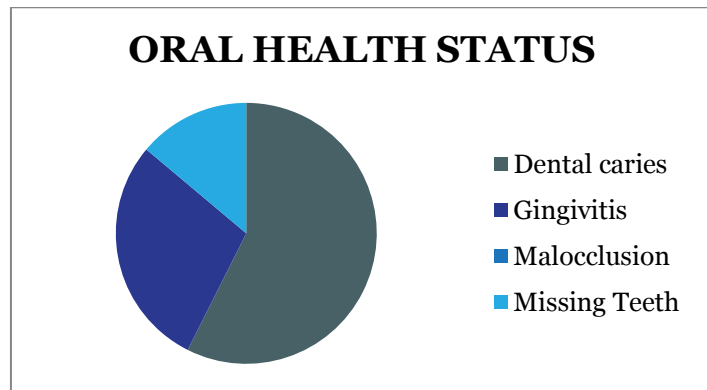

Method:

Examination of the devotees was done using a mouth mirror and probe on the dental chair using Mobile Dental Van. The dental health status of the devotees were evaluated and they were explained about the nature of their oral health problems. Various preventive and corrective care to be undertaken were explained to the patients. The devotees who consented for treatment were provided with basic dental care in the Mobile Dental Van for their existing dental problems. Devotees having extensive dental problems were referred to MGM Dental College & Hospital for further treatment.

Observations: A total of 14 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	08	62
Gingivitis	04	31
Malocclusion	0	0
Missing Teeth	02	15

Interpretation and conclusion:

Plaque accumulation and oral malodor were most prevalent in the evaluated group. This was followed by bleeding gums and periodontitis. Benefits of regular use of Mouthwash its direction of use were explained. Preventive and corrective measures were undertaken to prevent further deterioration of oral health. Oral prophylaxis & Restorations was done in patients and oral hygiene instructions were given.

ORAL PROPHYLAXIS BEING DONE BY THE TEAM MEMBER
