Date: 3rd November 2022 .

Venue: Sai Baba Temple, Panvel

Faculty: Dr. Vaibhav Thakkar, Dr. Neeraj Kolge

Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH, SBSS, Panvel

Number of Students attended: 3

MGM Dental College & Hospital makes conscious efforts in providing oral health education and promoting good oral health care among the community members. This was extended to the devotees at SBSS, Panvel with the aim to create awareness and provide basic dental care to them in Mobile Dental Van.

Aim and objective:

1. To assess the oral health status of the devotees of Sai Baba temple.
2. To educate them about the benefits of maintaining good oral hygiene.
3. To provide basic dental care for their existing dental problems in Mobile Dental Van.

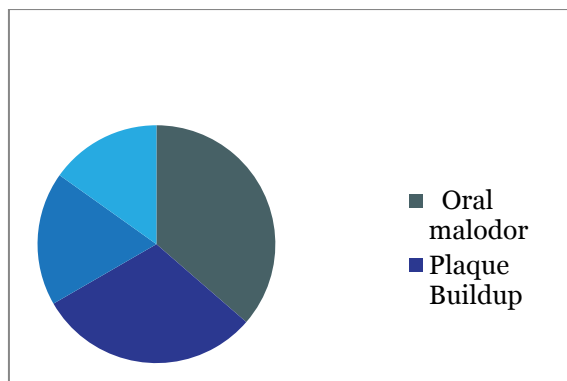

Method:

The examination of devotees was done in the Mobile Dental Van. The oral health status of the devotees were evaluated and they were educated about the nature of their oral health problems. Various preventive and corrective measures to be undertaken were explained to the patients. The devotees who consented for treatment were provided with basic dental care in the Mobile Dental Van for their existing dental problems. Devotees having extensive dental problems were referred to MGM Dental College & Hospital for oral health care.

Observations: A total of 33 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

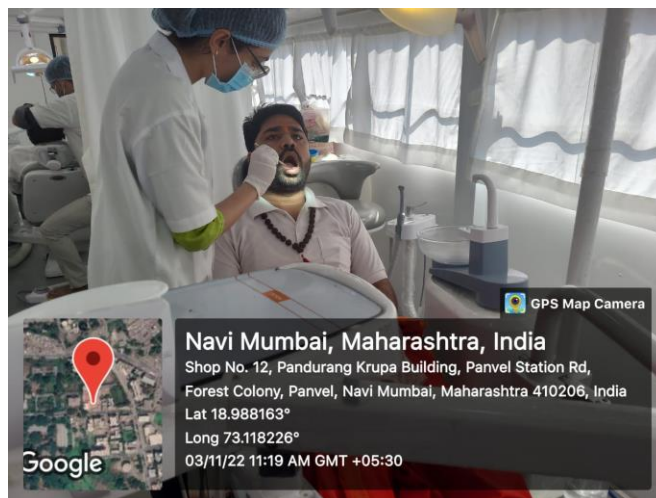

Condition	No. of individuals	Percentage %
Oral malodor	12	29.85%
Plaque Buildup	10	24.85%
Bleeding Gums	6	14.28%
Periodontitis	5	12.25%

Interpretation and conclusion:

Plaque build up and oral malodor were most prevalent in the evaluated group. This was followed by bleeding gums and periodontitis. Benefits of regular use of Mouthwash its direction of use were explained.

Preventive and corrective measures were undertaken to prevent further deterioration of oral health. Oral prophylaxis was done in 3 patients and oral hygiene instructions were given.

ORAL CHECK UP DONE BY THE TEAM OF DOCTORS
