EVENT REPORT

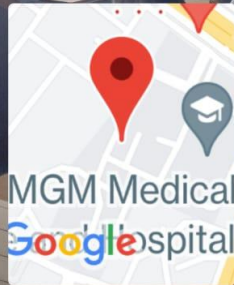

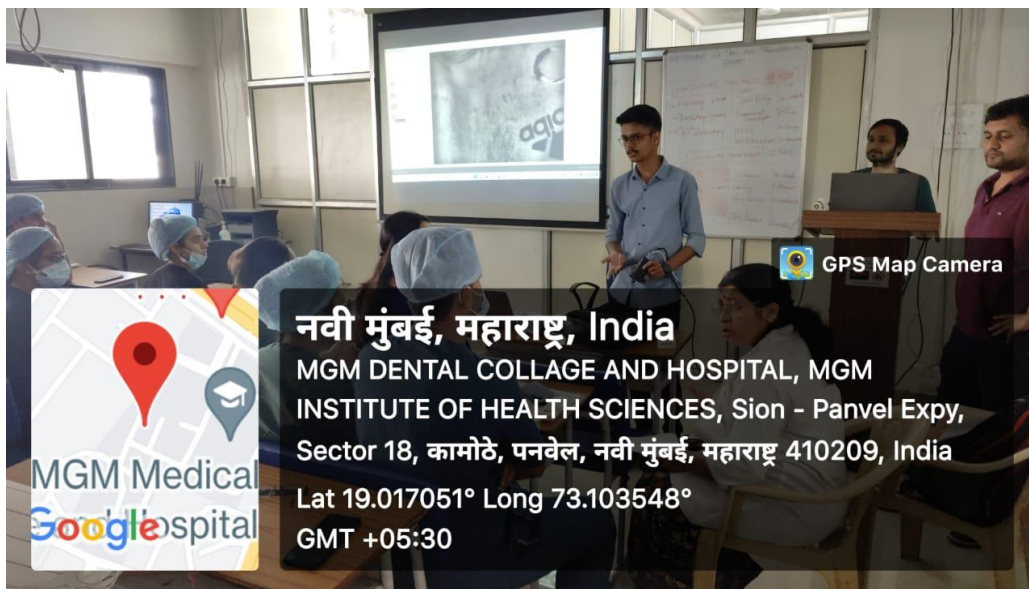

Department of Oral & Maxillofacial Surgery in association with EpoCare had organized an "Industry Academia Meet" to understand the working of two device FluoroSight and SpeccaFlow for post surgical monitoring of free tissue transfer.

Mr Deepak Kumar co founder of EpoCare had presented the working principle of the device post which a demonstration was given for the same. Post demonstration there was a discussion on the applicability and use of the device in cases of micro vascular free tissue transfer.

Overall the session was highly appreciated by the faculty participants.

Deepak Kumar Co founder of EpoCare explaining the working of device Speccaflow & Fluorosight for post surgical monitoring of flap.
