Occasion/ Event Title: Field Visit

Organizing Department : Dept of Oral and Maxillofacial Surgery, MGMDCH & EpoCare

Venue: IIT,Mumbai

Number of Attendees: 5

EVENT REPORT

Department of Oral & Maxillofacial Surgery in association with EpoCare had organized an" Field Visit"to IIT, Mumbai to understand the working of two device FluoroSight and SpeccaFlow for post surgical monitoring of free tissue transfer.

Mr Deepak Kumar co founder of EpoCare had presented the working principle of the SppecaFlow, post which a demonstration was given for the same. Post demonstration there was a discussion to standardize the protocol on the applicability and use of the device in cases of micro vascular free tissue transfer and design a clinical trial to be undertaken at MGMDCH.

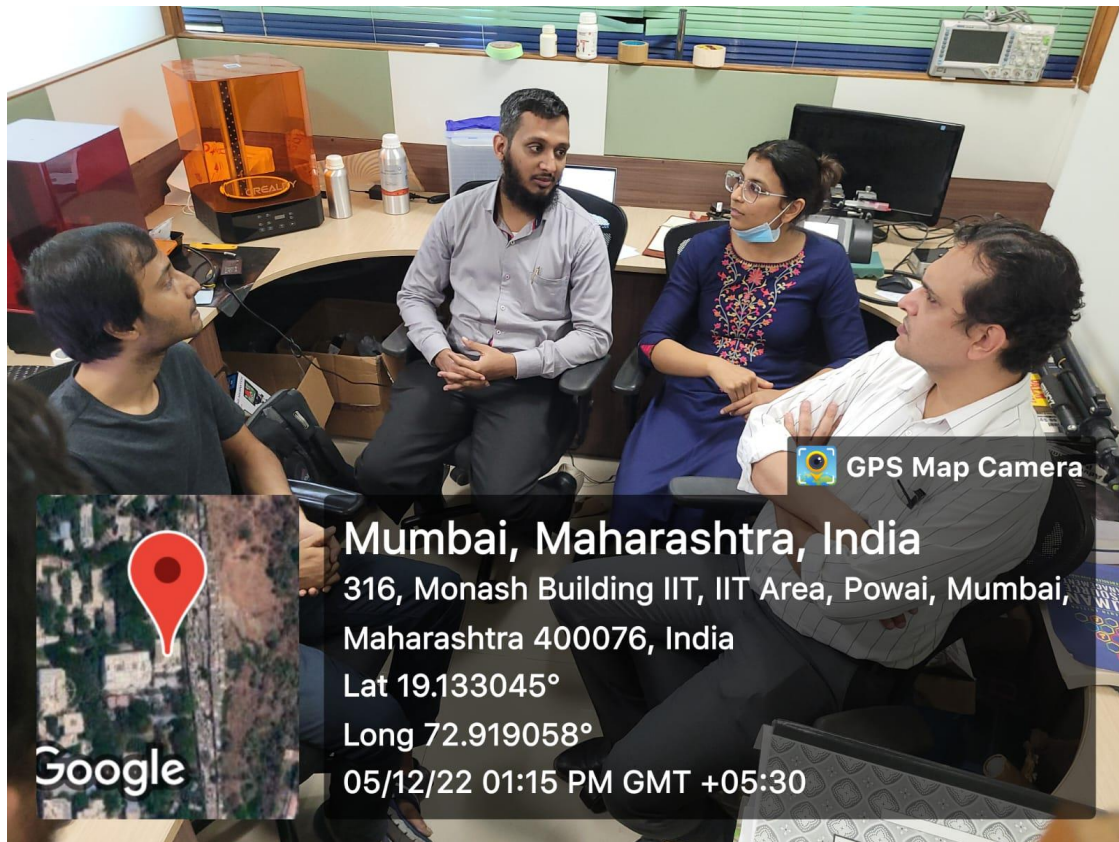

Overall the session was highly appreciated by the participants.

Deep Gada , Mechanical Design Engineer at EpoCare explaining the working of device Speccaflow for post surgical monitoring of flap.

Demonstration of working model of SpeccaFlow

Discussion to standardize the protocol.
