TREATMENT CAMP FOR DEVOTEES OF SAI BABA TEMPLE, PANVEL

Date: 20th April 2023

Venue: Sai Baba Temple, Panvel

Faculty: Dr. Vaibhav Thakkar, Dr. Agraja Patil

Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH, SBSS

Number of Students attended: 4

MGM Dental College & Hospital takes conscious efforts in educating and promoting good oral health care among the community members. This was extended to the devotees at SBSS, Panvel with the aim to create awareness and provide basic dental care to them in Mobile Dental Van.

Aim and objective:

1. To assess the oral health status of the devotees of Sai Baba temple.
2. To educate them about the benefits of maintaining good oral hygiene.
3. To provide basic dental care for their existing dental problems in Mobile Dental Van.

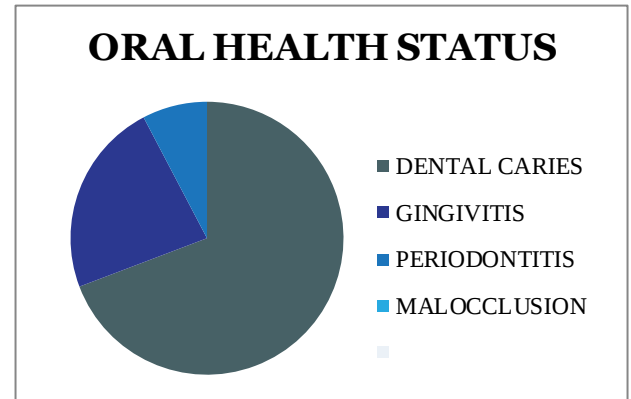

Method:

The devotees were assessed using a mouth mirror and probe on the dental chair using Mobile Dental Van. The oral health statuses of the devotees were evaluated and they were explained about the nature of their oral health problems. Various preventive and corrective measures to be undertaken were explained to the patients. The devotees who consented for treatment were provided with basic dental care in the Mobile Dental Van for their existing dental problems. Devotees having extensive dental problems were referred to MGM Dental College & Hospital for further treatment.

Observations: A total of 13 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe. A total of 5 patients were provided with basic dental care for the patients.

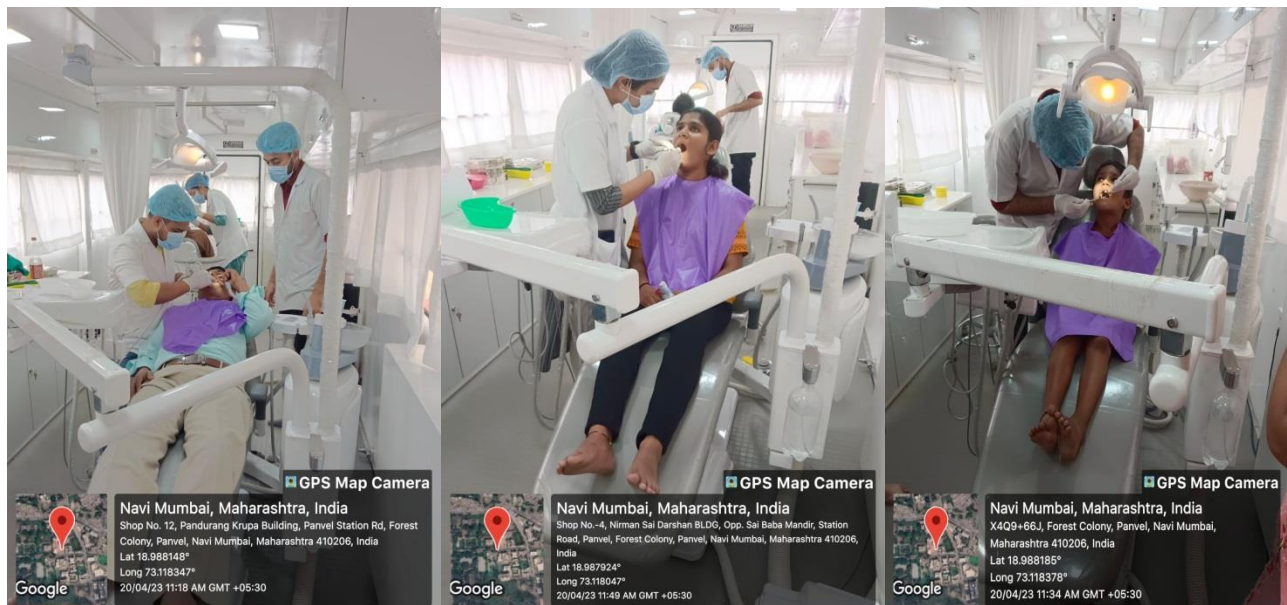

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	9	69.23
Gingivitis	3	23.07
Periodontitis	1	7.69
Malocclusion	0	0

Interpretation and conclusion:

- Dental caries and gingivitis were most prevalent in the evaluated group. This was followed by periodontitis. Preventive and corrective measures were undertaken to prevent further deterioration of oral health.
- Treatment: As a part of preventive treatment measures, silver amalgam filling was done and oral prophylaxis was provided to the patients at SBSS, Panvel.
