IMPORTANCE OF REGULAR DENTAL CHECKUPS AT ZP SCHOOL MANOR

Date: 24th August 2022

Venue: ZP School, Manor

Faculty: Dr. Pankaj Londhe

Organizing Agency: PHD Dept, MGMDCH

Number of Students attended: 2

MGM Dental College constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to patients at ZP School, Manor with the intention of creating awareness about the importance of regular dental checkups to the patients.

Aim and objective:

1. To assess the oral health status of students and to demonstrate various brushing techniques.
2. To educate them and create awareness about regular dental check ups.

Method:

MGM Dental college and hospital staff members along with students organized a program on importance of regular dental checkups. Participants were explained the frequency and reasons of visit to dentist. The patients were made aware of the dental diseases and preventive measures were explained using posters and charts. All the patients were examined for their oral hygiene status.

Observations: A total of 31 students participated in the awareness program & were later examined for caries and deep pits and fissures. Many students faced food lodgment due to deep pits and fissures. 29 such patients were treated with pit and fissure sealants. 6 student with more frequent caries were given topical fluoride application. Students were explained various ways of maintaining oral hygiene.

Conclusion:

1. Caries was the most common problem among the students due to less regular regular checkups.
2. Proper brushing methods were demonstrated.
3. Oral health education and prevention strategies should be implemented in order to reduce the disease burden among these patients.
