AWARENESS ABOUT DENTAL CARIES IN STUDENTS OF S.P.R.J KANYASHALA, GHATKOPAR

Date: 5th December, 2022

Venue: SPRJ Kanyashala, Ghatkopar

Faculty: Dr. Ankit Shah, Dr. Agraja Patil

Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH, Rotary Clube

Number of Students attended: 5

MGM Dental College is on a continual mission of taking efforts to advance oral health care to the community. The importance of oral hygiene & care was also extended to the students of SPRJ Kanyashala, Ghatkopar with the motive to create awareness amongst them and provide information about maintaining oral hygiene & prevent dental caries.

Aim and objective:

1. To evaluate the decayed teeth in students of SPRJ Kanyashala.
2. To educate them and create awareness regarding dental caries.

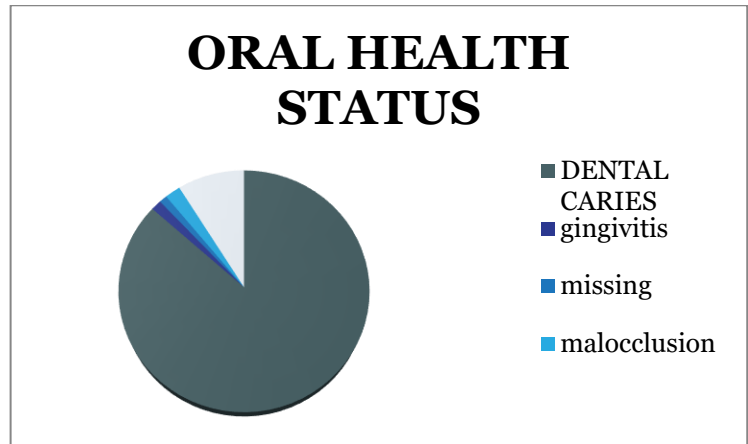

Method:

All the students were assessed with the use of mouth mirrors and probe in mobile dental van. They were evaluated on the basis of their oral hygiene status and were educated about the risk of developing dental caries & accumulation of calculus and plaque; and the importance of getting it corrected. Preventive measures suitable for each student was explained to them.

Observations: A total of 560 students were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	496	86.6%
Gingivitis	8	1.4%
Missing	6	1%
Malocclusion	12	2%
No findings	51	9%

Interpretation and conclusion:

Dental caries is the most common problem among the patients followed by malocclusion.

Oral health education and prevention strategies should be executed so that there is a reduction of the disease occurrence among these patients.
