Permission letter

MGM Dental College constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to patients at with the Sushma Patil Vidyalaya ,Kamothe intention of oral health awareness and screening

Aim and objective:

1. To educate them about oral hygiene maintenance
2. To assess the oral health status of patients and to provide necessary Dental treatment

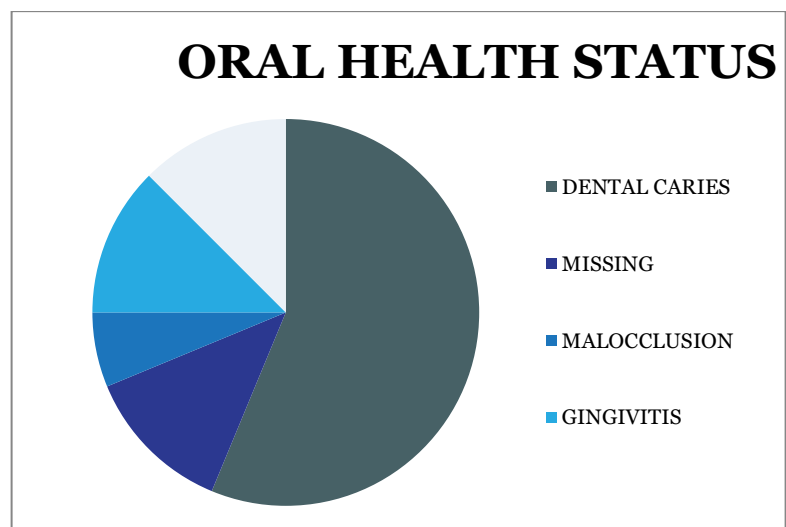

Method:

Charts, posters and study models were used to demonstrate various brushing aids and oral hygiene. An examination was carried out with the use of mouth mirror and probe in day light. All the patients were assessed for oral health status and were explained the need to get the problems corrected.

Observations: A total of 16 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	9	56.25
Gingivitis	2	12.5
Missing	2	12.5
Malocclusion	1	6.25
Normal	2	12.5

Interpretation and conclusion:

1. Dental caries is the most common problem among the patients followed by gingivitis and missing teeth.
2. Oral health is of absolute importance to the well being of an individual.
