Permission letter

MGM Dental College in association with IDA constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to workers at Navneet Education Ltd with the intention of creating awareness about oral cancer and providing oral health care to the patients.

### **Aim and objective:**

1. To assess the oral health status of patients and to provide necessary Dental treatment.
2. To educate them and create awareness about oral health.
3. To counsel them to quit deleterious habits like tobacco chewing, smoking and creating awareness about oral cancer.
4. To detect precancerous lesions and

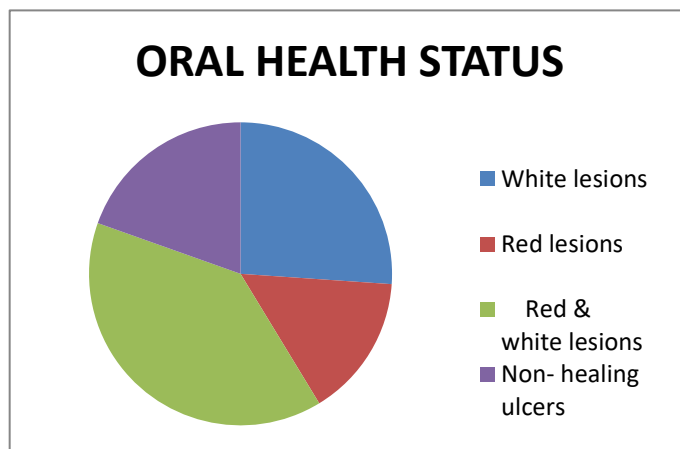

### **Method:**

A type III examination was carried out with the use of mouth mirror and probe in day light. All the patients were assessed for oral health status and were explained the need to get the problems corrected. The patients were made aware of the existing dental problems and preventive measures were explained.

**Observations:** A total of 131 patients were examined for various dental problems. Those requiring extensive treatment were referred to IDA clinic.

### **Oral health status:**

| Condition           | No. of individuals | Percentage % |
|---------------------|--------------------|--------------|
| White lesions       | 16                 | 12%          |
| Red lesions         | 9                  | 7%           |
| Red & white lesions | 23                 | 18%          |
| Non- healing ulcers | 12                 | 9%           |

### **Interpretation and conclusion:**

Cancer is a preventable oral disease. So adequate Oral health education and prevention strategies should be implemented in order to reduce the disease burden among these patients. Patients present were screened for oral Cancer.
