HOUSEHOLD SURVEY AT ADOPTED VILLAGE WAJE

Date: 30TH November 2022

Venue: Waje, Panvel

Faculty: Dr. Rafeeq Nalband, Dr. Agraja Patil

Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH, UBA

Number of Students attended: 3

MGM Dental College constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to the residents of Waje Village and they were made aware of the various ill effects of tobacco and tobacco products. A survey was done from home to home for Unnat Bharat Abhiyan.

Aim and objective:

1. To assess the oral health status of patients and to provide necessary Dental treatment.
2. To educate them and create awareness about oral health.

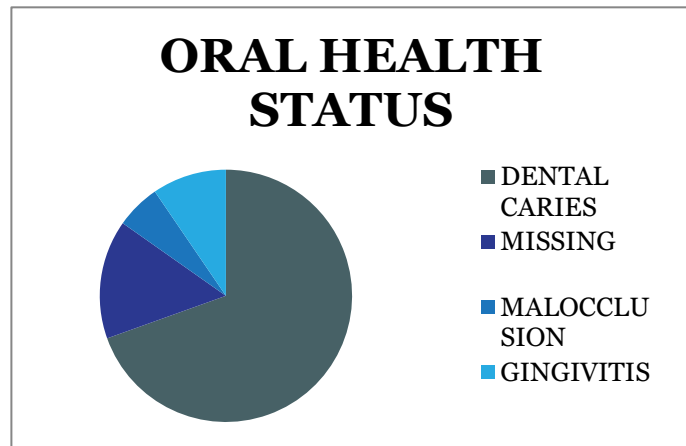

Method:

A type III examination was carried out with the use of mouth mirror and probe in day light. All the patients were assessed for oral health status and were explained the need to get the problems corrected. The patients were made aware of the existing dental problems and preventive measures were explained.

Observations: A total of 30 were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Oral health status:

Condition	No. of individuals	Percentage %
Dental caries	22	73
Gingivitis	5	16
Missing	2	6
Malocclusion	1	3

Interpretation and conclusion:

Dental caries is the most common problem among the patients followed by gingivitis. Oral health education and prevention strategies should be implemented among these patients in order to reduce the disease burden.

INVESTIGATION BEING DONE BY THE TEAM MEMBER
