AWARENESS ABOUT SPREAD OF DENTAL CARIES AT SUNFLOWER SCHOOL, ANDHERI

Date: 21st September 2022

Venue: Sunflower School, Andheri (Rotary Club)

Faculty: Dr. Ankit Shah, Dr. Neeraj Kolge

Organizing Agency: PHD Dept MGMDCH; NSS Unit, MGMDCH, Rotary Club

Number of Students attended: 10

MGM Dental College in association with NSS Unit, Rotary Club of Mumbai constantly takes efforts of extending the oral health care to the community. The oral care initiative was also extended to patients at Sunflower School, Andheri with the intention of creating awareness about spread of dental caries to the patients.

Aim and objective:

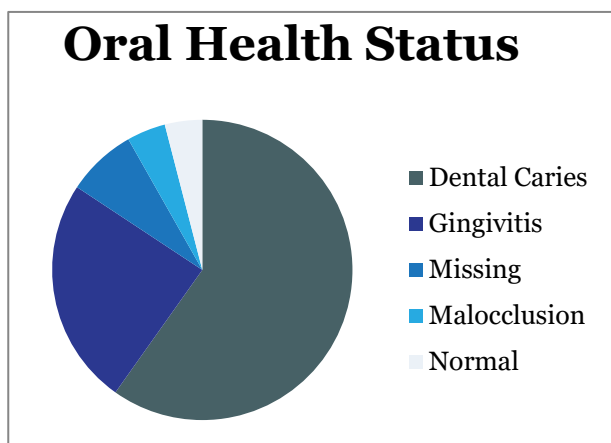

1. To assess the prevalence of dental caries.
2. To educate them and create awareness about oral health.

Method:

Examination was carried out with the use of mouth mirror and probe in day light. All the students were assessed for oral health status and were explained the need to get the corrected. Parents were made aware of the existing dental problems and preventive measures were explained through a counselling session. Preventive measures were explained using models and charts.

Observations: A total of 1317 patients were examined for various dental problems. Those requiring extensive treatment were referred to MGM Dental College and Hospital, Kamothe.

Condition	No. of individuals	Percentage
Dental Caries	787	59.75%
Gingivitis	322	24.44%
Missing	100	7.5%
Malocclusion	55	4.17%
Normal	53	4.02%

Interpretation and conclusion:

Pit & Fissure caries is the most common problem among the patients followed by Deep Carious Lesions.

Oral health education and prevention strategies should be implemented in order to reduce the disease burden among these patients.
